Welcome Home!

At The Delaware Foundation For Senior Citizen Home Sharing, we believe that everyone deserves a place to call home. We specialize in creating shared living arrangements that benefit everyone, especially our beloved senior citizens.

What is Home Sharing?

Home Sharing is a living arrangement where two or more unrelated people share a dwelling. Each person has private space, with shared access to common areas, like the kitchen, living room, and bathroom.

Benefits Of Home Sharing

- **Affordability:** Sharing costs can make housing more affordable.
- **Companionship:** Living with others can reduce feelings of loneliness and isolation.
- **Support:** Housemates can provide mutual support and assistance with daily tasks.
- **Sustainability:** Sharing resources can reduce each person's environmental footprint.

Our Program

Our program matches senior citizens with individuals or families looking for a shared living arrangement. We carefully screen all participants and facilitate matches based on compatibility and shared interests.

Who Can Participate?

- **Senior Citizens:** Individuals aged 55 and over, who have a spare room and would like to share their home.
- **Home Sharers:** Individuals or families who are looking for affordable housing and are open to living with a senior citizen.

How to Get Started
